

# Servo **CARE**

## Program

### **Health Check-up (HC)**

Diagnostic check

### **Preventive Maintenance (PM)**

Maintaining quality, consistency & uptime

### **Annual Maintenance Contract (AMC)**

Risk cover against unforeseen repair expenses

### **Product Reconditioning Service (PRS)**

Restore your products to working conditions

## Mitsubishi Servo Care Program

the precise movement of a physical object such as machine tools & general industrial machines. Typically, either the output position or the output velocity (or both) is controlled. We at Mitsubishi Electric care for Servo systems with our unique Servo Care Program to assure you of maintaining the quality, consistency, and precision of your product year after year.

### Why is Servo Care Program Required?

- Dust/Oil/Residue on Servo hardware can effect performance of Servo, which can also result in product failure completely.
- To have Knowledge on environmental conditions in which product works functionally.
- Follow manufacturer recommended guidelines so as to achieve maximum efficiency.
- Trouble free operation.

### Advantages

- Increased Servo working life.
- Less unplanned downtime.
- Reduce potential breakdown, ultimately prevents hazards.
- Conservation of energy & prevention of energy losses.
- Overall improved productivity, environment & safety conditions.

### Applicable Servo Models

#### **MR-J4 Series, MR-JE Series, MR-J3 Series**

Servo series covered under the preventive maintenance program.

Note: For any technical details, kindly contact to nearest FA center.

## Health Check-up (HC)

Includes:

- Servo parameter backup.
- Servo condition evaluation by visual check.
- Capacitor, Inrush resistor/circuit life check.

## Preventive Maintenance (PM)

Includes:

- Servo parameter backup.
- Servo condition evaluation by visual check.
- Detail cleaning of Servo.
- Capacitor, Inrush resistor/circuit life check/change.  
Testing of Servo.

## Annual Maintenance Contract (AMC)

Includes:

- 1 no. Health Check-up activity.
- 1 no. Preventive Maintenance activity.
- 1 no. Breakdown support within 24 hrs.

## Product Reconditioning Service (PRS)

Includes:

- Servo condition evaluation.
- Test & analyze parts for deterioration.
- Part replacement & repair.

\* Common terms & conditions:

1. Service interval, duration may vary based on Servo type, application and panel/site condition.
2. Depending on the environmental conditions, we recommend to execute activities on yearly basis.
